## Summary

Ilyas Benhssine , 21 years old from Rabat, Morocco.

Software engineer, web artisan and software analyst in the automotive industry, with a vision to change the automotive industry, and a better web for all.

## Experience

### Software Engineer

Bifolia

Jul 2021 - Present (1 year 1 month +)

Working as software engineer with Agile Methodologies on software development and engineering to build Web Applications.

### CEO & Founder

The art of kars

Nov 2020 - Present (1 year 9 months +)

The art of kars is the luxury marketplace to find new and preowned luxury, exotic and classic cars for sale.

Our primary goal is to understand our clients car needs and desires better than anyone else. Our focus is building a long term relationship where we are the trusted advisor for our clients and their car requirements. A client is not simply buying or selling a car with us as much as they are getting a comprehensive and careful approach that feels much different than any other dealership experiences.

### IT Teacher

CLM Rabat

Oct 2019 - Jul 2021 (1 year 10 months)

Teaching Kids & Teens about the principles of technology and how to use basic information technology tools in their work and lives.

I also taught some brilliant teens how to write their first lines of code to build there small apps & websites from scratch.

### Developer

ANCFCC

Jan 2020 - Feb 2020 (2 months)

Development of a Plugin for a GIS Geographic Information System QGIS3.0 to ease the entry, viewing, editing of geospatial data.

Technologies : Python, Qt5, Html, CSS3, php, JavaScript, PostgreSQL, PostGIS.

### GNXT. Computer Hardware Specialist

## GNXT Computers

Jan 2017 - Oct 2019 (2 years 10 months)

Building tailor made computers and workstations for computing, video editing... To fit the customer needs.

## Network Technician

...

### 1337 Future Is Loading

42 | Pool C divided

The "pool" is a 4-week immersion in the coding world. Just like a marathon runner, you will take a deep dive. Every day, weekends included during a month, you will be working on IT projects. At the same time, you get to know fellow applicants, submit and evaluate projects.

### ISTA NTIC Hay Riad Rabat

Techniques de développement informatique, Développement Logiciel Informatique

2018 - 2020
